1. WELCOME

Club Segovia Orientación (Segovia Orienteering club: Segovia-O), in collaboration with the city councils of Segovia and Real Sitio de San Ildefonso, would like to invite you to participate in the **II City of Segovia Orienteering Trophy**. This event is part of the official calendar of Liga Norte, Liga FOCYL, Liga Madrid. Over the course of this weekend, the final race of the City Race Euro Tour will be the Segovia City Race. The event consists of three competitions: middle distance (forest), sprint and long urban distance.

unesco
Ciudad vieja y Acueducto de Segovia
Inscrito en la Lista del Patrimonio Mundial en 1985

Hundreds of orienteers from all over the national and international territory will gather in Segovia, a monumental city declared a World Heritage Site by UNESCO. Known for its impressive Roman Aqueduct, the Alcazar, the Cathedral, and a medieval town centre full of alleys, squares that make up an exceptional setting for a long-distance urban orientation competition.

And to have a magical weekend, October the 25th, is the local festival of Segovia "San Frutos", featuring a very complete program of cultural activities, concerts, dances, traditional food… Do you know of any better plan for a weekend?

3. EVENT LOCATION

MAP (COMPETITION LOCATIONS)

MAPA (CULTURAL PROGRAM AND ACTIVITIES)

Segovia

Segovia, a city declared a World Heritage Site by UNESCO, combines an extraordinary historical legacy with a privileged natural environment. Located next to 'Sierra de Guadarrama', it is internationally known for its impressive Roman Aqueduct, its majestic castle (Alcázar) and its magnificent Cathedral, which dominate a historic centre filled with streets, squares and corners with centuries of history.

The Segovia City Race will offer participants the opportunity to discover two very different facets of this territory. E1 will be held in a forest environment near the city centre, with the first medium-distance stage that will test the technical and physical capacity of the runners. E3 will move the competition to the heart of Segovia, where a long urban distance will run through emblematic monuments, historic alleys, staircases and monumental squares, offering a unique orienteering experience in one of the most beautiful cities in Spain.

History, heritage, nature and sport come together to create an unforgettable event for all participants.

La Granja de San Ildefonso

La Granja de San Ildefonso is part of the Royal Site of San Ildefonso, a municipality founded around the old medieval monastery of San Ildefonso. The area acquired its current identity when Philip V decided to build his retirement palace here from 1720–1721, inspired by the landscapes of his French childhood.

The Royal Palace of La Granja is a jewel of European Baroque, surrounded by Versailles gardens designed by French architects. Its spectacular monumental fountains —such as the Fountain of Fame, the Fountain of the Frogs or the Horse Race— work thanks to an ingenious hydraulic system fed by the "Mar de la Granja", a historic reservoir.

4. HOW TO ARRIVE IN SEGOVIA

Segovia is a very well-connected city, and you can come to this great sporting event by **public transport**.

For a better location and accessibility, the different locations of the event are collected on a specific map.

Included:
- ✓ Event Centre (E1, E2, E3)
- ✓ Secretary
- ✓ Parking areas recommended
- ✓ Hard floor accommodation
- ✓ Embargoed areas
- ✓ Points of interest

LOCATIONS

How to get there from Madrid Airport? **TRAIN/AVE**

1. **Train from the airport → Chamartín station (Madrid):**
   Cercanías Madrid
   - **Duration:** ~15–20 min.
   - **Frequency:** approx. **every 30 minutes** all day.
   - **Price:** ~€2,50–€3.

2. **AVE / Train Chamartín → Segovia-Guiomar**:
   RENFE
   - **Duration:** ~25–30 min.
   - **Frequency:** about **1 train per hour**.
   - **Price:** ~€10–40 (varies depending on train type and buying in advance).

Advantages: the train is fast and comfortable.
Consideration: the station in Segovia (Segovia-Guiomar) is a few km from the centre — there is a bus or taxi to complete the journey.

5% DISCOUNT IN TRAIN TICKETS (RENFE): Check here

METRO/SUBWAY

1. METRO: **Airport** → **Madrid Moncloa**
   - **Metro Line 8 (pink)** from Airport→ **Nuevos Ministerios**
   - **Change there to Metro Line 6 (grey)** towards **Moncloa**.
     - **Total duration:** approx. **30–35 minutes** (including transfer).
     - **Frequency:** approximately **every 3–8 minutes** during daylight hours.
     - **Price:** around **€5 each way** (includes airport supplement).

BUS

2. BUS: **Madrid Moncloa** → **Segovia Bus Station**: AVANZA BUS
   Duration: approximately **1 h – 1 h 20 min**.
   Frequency: there are usually **departures every 15–30 minutes** during the day (morning and afternoon).
   Price: around **€5** each way.
   Arrival: Segovia bus station (very close to the competition centre and historic centre).

Advantages: direct access to the heart of the city and the arena (more practical if you want to get to the centre).

How to Reach Segovia from Other Regions of Spain?

Bus from Castilla y León

- It is free with Card BusCYL, check time timetable in Bus companies.
  Regular direct bus routes connect Segovia with major regional cities, including Valladolid, Salamanca, Ávila, and Aranda de Duero.

Train: RENFE

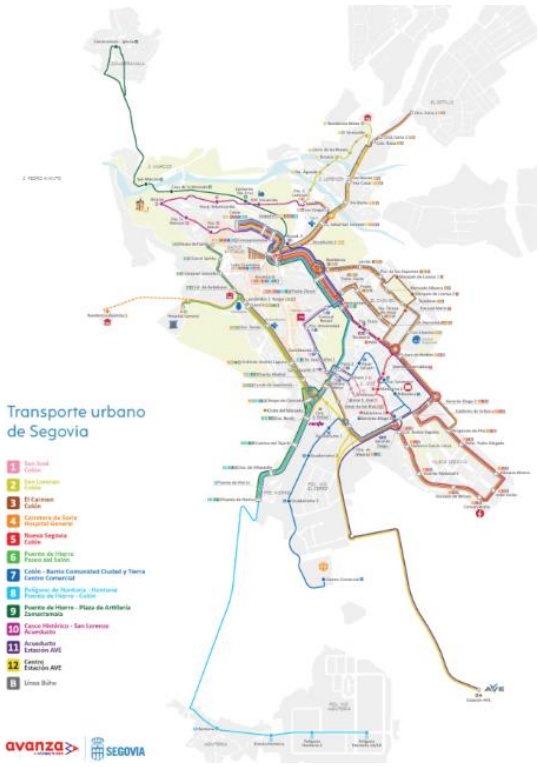

- **Madrid**, Valladolid, Alicante, Albacete, Bilbao, Brugos, Gijón/Oviedo, León, San Sebastián, Santander, Zamora.

Visa Requirements

Participants traveling from outside the European Economic Area (EEA) are kindly requested to review their specific visa requirements. For official guidance, please consult the Spanish Embassy or Consulate in your respective country, or visit the following link: **VISA**

Public Transport in Segovia

Public transport in **Segovia (+ info)**

Segovia Bus to La Granja (+ info)

RECOMMENDATION: If you are using the **hard floor accommodation**, please review the schedule carefully and consider carpooling with other participants. Please note that **on Sunday, there are no bus services available prior to 11:00 AM.**

SATURDAY		SATURDAY

MAPPER COMMENTS (E1): The first stage of the II Segovia City Orienteering Trophy takes place in the parks and peri-urban forests southwest of Segovia, just a few metres from the historic walled city.
The map was surveyed in 2026 by Mario Martín Antón at a scale of 1:4,000 following the ISSprOM 2019-2 specification. As this is a middle-distance forest race, Pablo Ferrando Galán converted the map to a 1:7,500 scale following the ISOM 2017-2 standard, simplifying and reducing detail so that only the features necessary for accurate map reading at that scale are shown.
There are **two distinct sections** of the map, and it is important to understand how to move from one to the other.
- The **first part** of every course takes place in Parque de la Hontanilla and along the Clamores River Valley promenade. This area is more urban in character, with walls, grassy areas, wide paths and stairways, where fast running is expected.
- The **second part** of the courses, as well as the route to the finish, is located in Monte del Pinarillo de la Cuesta de los Hoyos (Public Forest No. 238 of Segovia). This is a wilder peri-urban forest with steeper slopes and uncrossable cliffs.
The dominant vegetation consists of pine trees, whose density in some areas may significantly reduce running speed. There are also dense cypress stands that are almost impassable. The views of the city from this area are magnificent, and we are sure this race will remain in your memory.

<u>Precautions to take into account in E1:</u>
- VERY IMPORTANT. To move from the first area to the second, competitors must climb an stair section and cross the Cuesta de los Hoyos Road, which is mostly marked with symbol 711 (Out-of-bounds route).
The road has a pavement only on its north-east side. The entire pedestrian pavement is runnable, but the road may only be crossed at the following designated locations:
0: Between pre-start and start, competitors must use the taped pedestrian crossing only.
1: The road may only be crossed via the underpass beneath it. There is no pedestrian crossing.
2: Competitors may cross carefully at the marked crossing point, where event volunteers will manage traffic if necessary. Crossing anywhere else will result in disqualification.
3: Competitors must use the pedestrian crossing at the end of Cuesta de los Hoyos, beside the Eresma River bridge. After crossing, runners must follow the road shoulder for a few metres before reaching the path shown on the map. Crossing elsewhere will result in disqualification.

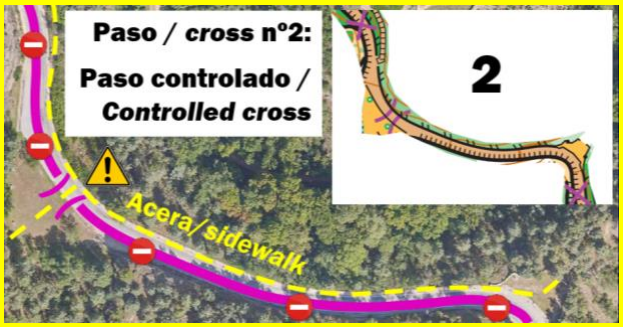

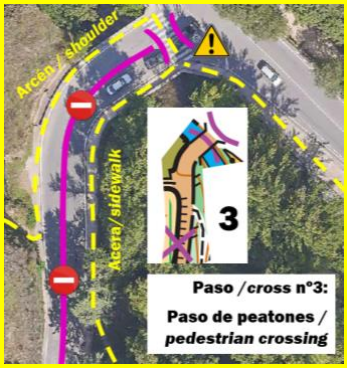

FORBIDDEN ZONE: MOTOCROSS CIRCUIT. Motocross training sessions will be taking place on both motocross circuits during the event. Therefore, running through areas marked with the purple cross-hatched symbol 709 (Out-of-bounds area) is strictly forbidden. These areas will not be taped, and it is the competitor's responsibility to respect the map markings.

E2 – Urban Sprint - La Granja de San Ildefonso

Location	**Real Sitio de San Ildefonso**
Arena. Competition centre	Trasera de la Fábrica de Cristales
Mappers (new map)	Mario Martín Antón
Course setters	Ainhoa Firvida Mora. María Prieto del Campo
From Arena to Pre-start	0m
Pre-Start	- 8´ (400m)
Maximum running time	50 minutes
Refreshments points	Liquid and solid refreshments at the finish line

F/M-AK F/M-21B	F M	**There are no M/F-AK categories in the FOCYL Sprint, nor an M/F-21B category in the Madrid Sprint League.** Therefore, participants compete in their corresponding age class.						

MAPPER COMMENTS (E2): This stage takes place in the streets of La Granja de San Ildefonso, famous for its 18th-century Royal Palace, Gardens and Royal Glass Factory.

The map was produced in October 2026 by Mario Martín Antón and covers an area never before mapped for orienteering.
The race runs through low-traffic streets and pedestrian areas filled with hidden corners and stairways, creating an almost labyrinth-like environment.
Where stairways are not continuous but consist of isolated or widely spaced steps, symbol 532 (Stairway) has been used with increased spacing to represent them more accurately.

IMPORTANT: It is forbidden to enter areas marked in Olive green + Purple cross-hatching (520 "Area that shall not be entered" and 709 "Out-of-bounds area")
These areas correspond to the entrance gardens of the Royal Palace and are shown as special map features.
Only the most distinctive trees, including the two large sequoias, have been mapped.
These gardens are bordered either by low metal fencing or simply by kerbstones, but they must not be crossed under any circumstances. Any competitor entering these areas will be disqualified and may also be subject to a fine imposed by the National Heritage authority.

Special Symbols:

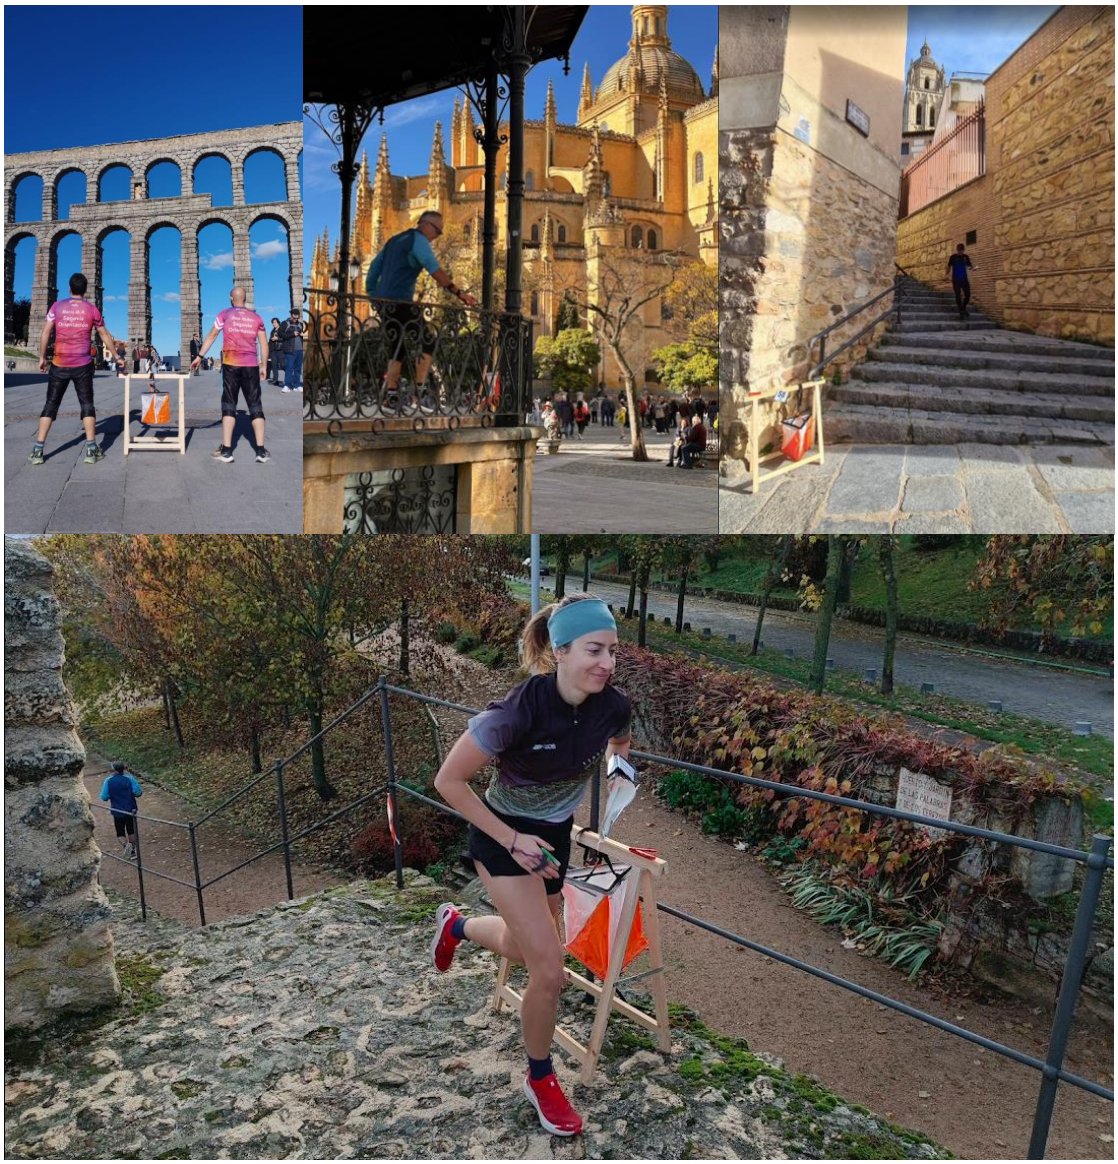

Prominent streetlamp

Play area

In E3 (Segovia City Race) the Elite 1 and Elite 2 courses are identical to score points in the City Race Euro Tour.
There is a change of map (double-sided) in some categories and routes.

MAPPER COMMENTS (E3): Finally, the most anticipated race of the year arrives: the final event of the City Race Euro Tour, a long-distance urban race set in one of the world's most beautiful cities. Although another race was already held here in 2025 in a smaller area, the cartographer Mario Martín Antón has expanded the map by more than 1 km², significantly updating the existing mapping to create a completely renewed map at 1:4,000 scale, following the ISSprOM 2019-2 specification.
In addition to the historic walled city, competitors will run through surrounding neighbourhoods, increasing the route-choice challenge when crossing the city walls between controls.

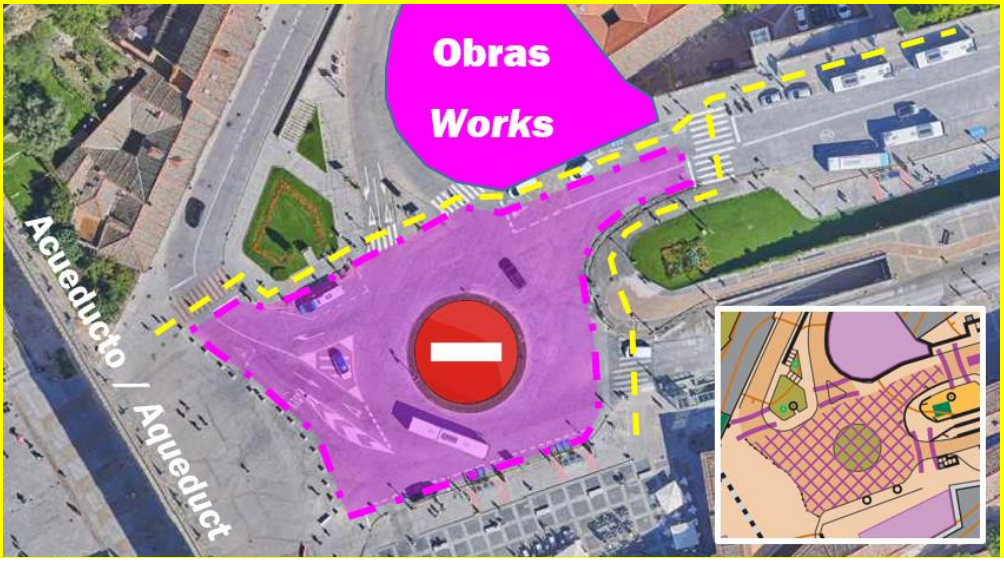

IMPORTANT ASPECTS:
- PLAZA MAYOR: Sunday 25 October is San Frutos Day, and numerous celebrations will take place in Plaza Mayor.
For this reason, the entire square is out of bounds and any competitor entering it will be disqualified.
There are eight entrances to the forbidden area, marked with symbol 708 (Out-of-bounds boundary), leading into the purple cross-hatched area marked as 709 (Out-of-bounds area).
These entrances will not be fenced, but the pass through the square itself will be monitored.

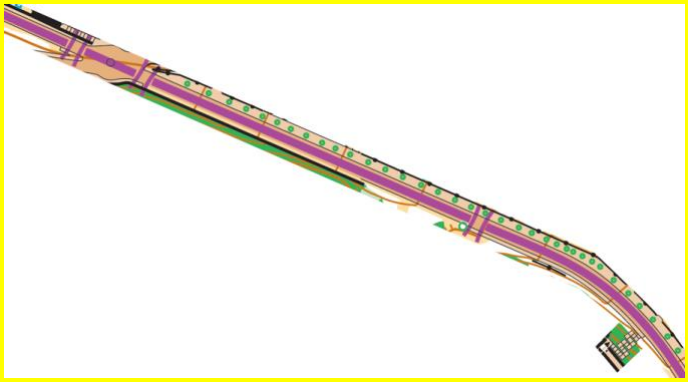

- PLAZA DE LA ARTILLERIA: This square, located directly in front of the Aqueduct, is forbidden to cross except at the designated crossing points marked with symbol 710 (Crossing Point).
There is also a work area where the pedestrian walkway has been temporarily diverted, which is correctly represented on the map.

- PASEO DE SANTO DOMINGO DE GUZMÁN and VÍA ROMA. These are the busiest roads within the competition area.
Where they are marked with the continuous purple line, symbol 708 (Out-of-bounds boundary), crossing is prohibited except at the designated with 710 (Crossing Points).
Competitors should take particular care when descending the stairways from the city walls. They must remain on the inner pavement and only cross to the outer side of the road using the marked pedestrian crossing.

Special Symbols:

Bus stop

Play Area

Drinking water fountain

A Although a liquid refreshment station will be available on Stage 3, public drinking fountains are marked with this symbol wherever competitors may refill or drink water.

8. RULES AND REGULATION

This competition will take place under the following rules and regulations:

REGULATIONS	
City Race Euro Tour Regulations	Link
Liga Norte 2026 Regulations	Link
Liga FOCYL 2026 Regulations	Link
FEMADO 2026 Regulations	Link
FEDO Regulations	Link

Throughout the competition, participants must follow the instructions of the judges and staff of the Organization.

Remember:

- The event programme can be modified due to organizational needs.
- **Number bibs**. You must go through the event centre before participating in the first competition. A competition-specific race bib will be provided, showing the start times. The FEDO race bib cannot be used.
- **Start lists** will be posted on the segoviaorientacion.com website and via a link in Facebook and Instagram stories. It is the responsibility of each athlete to arrive on time at the start.
- It is forbidden to follow or assist other participants, except in case of an accident.
- When crossing the finish line, participants must follow the instructions of judges and staff of the organization.
- Even if the map is not completed, it is mandatory to pass through the finish line to control the participants who are still to arrive.

Awards-giving ceremony:

- **Segovia City Race**: Awarded to the first three places in each City Race category at the end of Sunday's race at the Segovia aqueduct, and the "Orange Open – University Students" category, in collaboration with the University of Valladolid (UVa).
- **II City of Segovia Trophy:** 3 first places in the sum of the three races (E1+E2+E3). To be eligible for the trophy, the results from the equivalent categories listed in the *City Race Euro Tour category equivalence table* will be added together.

  Points=1000. (Winner time/runner time)

- **CRET final classification 2026.** Diploma for the first three places in the *City Race Euro Tour* league after the nine races in different European cities.

Competition contact email: cityrace@segoviaorientacion.com

9. SERVICES AND DISCOUNTS

Participant/Companion Benefits

Runner's bag (if you register for all E1+E2+E3 events).

"SEGOVIA ES TU META".
Available for participants and maximum 3 companions.

SEGOVIA PROVINCIAL TOURISM BOARD

Discover some of Segovia's "Most Beautiful Villages"

The province of Segovia is home to several of the **"Most Beautiful Villages in Spain"**, which you simply cannot miss when visiting the area. Today, we have selected three towns that stand out for their traditional architecture, historical and natural heritage, spectacular surroundings and outstanding beauty.
The route begins in **Sepúlveda**, a medieval town that invites you to explore its streets at your own pace, taking in every detail. You should stroll through its main square, wander along its streets and visit its churches, including the Romanesque jewel of **El Salvador**. And if you have time, make sure to enjoy the natural surroundings, with the spectacular **Hoces del Río Duratón** just a stone's throw away, where vultures can be seen soaring overhead.
After a scenic drive, a visit to the medieval town of **Ayllón** is also a must. Its impressive entrance arch, arcaded main square, palaces and noble houses turn the town into a real-life film set, one you will want to immerse yourself in.
And then there is **Maderuelo**, a beautiful medieval town in the north of the province that ticks all the boxes when it comes to beauty: an impressive entrance through the **Arco de la Villa**, medieval walls, cobbled streets, religious heritage and a privileged natural setting, with the **Linares Reservoir** at its feet.
Three wonderful places that you should discover if you choose Segovia as your destination. Three treasures offering not only heritage and nature, but also outstanding local gastronomy.

(Visit the website and download the app at https://www.hocesdesegovia.es/ to help you plan your trip.)

Segovia's Colourful Villages Invite You into Another World

Yellow, red and black are the colours of the famous villages along the **Sierra de Ayllón Colour Route**. They will amaze and enchant you during your trip to Segovia, thanks to the materials used to build their houses, transporting you back to another era. Without a doubt, the traditional architecture of this area is a major attraction for visitors—and you will probably want to come back and explore the route again.
Start your journey from Riaza and head towards **Alquité** and **Martín Muñoz de Ayllón**, entering a golden, dazzling, surprising and magical world. The quartzite used in the houses gives these charming villages their distinctive glow.
The magic continues through the red villages, where you should not miss a stroll through **Madriguera** and **Villacorta**. Their streets and houses, built with iron-rich stone, iron and clay, create the feeling that you have stepped straight into a fairy tale.
Just a few kilometres away, you will find **El Muyo** and **Becerril**, where the red gives way to the charred black of the distinctive slate used in their houses and streets. The fairy tale continues as you wander through **El Negredo** and **Serracín**.
Come and discover them—the magic of Segovia's colourful villages is waiting for you!

Discover Segovia's Cloisters and Castles: A Stroll through Santa María, Coca and Cuéllar

Have you discovered the north-western part of the province of Segovia? If not, and you are planning to visit our region soon, make sure you explore three towns boasting a fascinating history and remarkable heritage.
We begin our journey in **Santa María la Real de Nieva**, right in the heart of the Segovian countryside, a historic land once crossed by kings and queens on their journeys across the Castilian plateau. Like a film set—but very much real—the town's **Monastery of Nuestra Señora de la Soterraña**, with its impressive cloister, is an essential stop. After strolling through its streets, continue into the peaceful rural charm of the countryside on your way to Coca.
Birthplace of the Roman Emperor Theodosius the Great, **Coca** is home to an impressive **Gothic-Mudejar castle**, a magnificent fortress that attracts the attention—and cameras—of thousands of visitors. Its location on flat ground and the use of reddish brick instead of stone make it particularly distinctive. You will be impressed by its enormous moat and intricate Islamic-inspired architectural decoration, which make the castle truly unique. While in Coca, you should also visit the **Torre de San Nicolás**, the medieval walls and the Roman **Five Spouts Fountain (Fuente de los Cinco Caños)**.
And the castle adventure continues. If Coca has impressed you, carry on a little further until you reach the town of **Cuéllar**, also famous for its castle, its Mudejar churches and its popular **running of the bulls**, considered the oldest in Spain. Wander through its streets and, if you have the chance to sample some of the tapas and local delicacies served in its bars and restaurants, don't hesitate—**Cuéllar is well worth a visit.**

A Walk Through the Legendary Valley of the River Pirón

When you visit Segovia, make sure you discover some of its most beautiful hidden gems. Today, we are heading to one of the most magical natural settings in the province: the **Pirón Valley**.
Our journey begins in **Turégano**, where you should visit its unique castle, unlike any other in Spain, as it is actually a fortified church. Leave the car behind and take a stroll through the beautiful **Plaza de España** and the surrounding streets, with their magnificent historic mansions.
Continue across the typical wide Castilian plain towards **Torreiglesias**, where you can enjoy an 11-kilometre round-trip walking route through the countryside. The route is easy and begins with a descent towards the bed of the **Río Viejo**. Follow the trail downstream until it joins the **River Pirón**. The path through the valley will take you to the **Cueva de la Vaquera**, the **Ermita de Santiaguito** and, finally, across the **Puente de Covatillas**, to the beautiful hillside village of **Peñarrubias de Pirón**.
And after your walk, it's time to recharge your batteries. Head back to Turégano or make your way to **Torrecaballeros** and sample some of the excellent local cuisine at one of its many restaurants. Don't miss **lechazo**, the province's signature roast lamb dish.
